Creating new curriculum and grading student work.
Leading review sessions and labs, and holding hours.

Hack@Brown Coordinator

Raised \$40k in sponsorship for event (2016, 2017).
Spearheaded attendee diversification with the first weighted applicant lottery for Hackathons (2015).

Meiklejohn Peer Advisor

Mentored new students one-on-one and as a group.
Coordinated with faculty to support them (2014-2016).

SKILLS

Leadership	Dev	Design
Communication	iOS	Sketch
Authenticity	OpenGL	Processing
Passion	Python	Illustrator
Positivity	Scala	Photoshop

INTERESTS

Writing short stories
Cooking
Architecture
SciFi

EDUCATION

B.S. Computer Science, **Brown University** 3.7 Core GPA *Class of 2017*
Focus in Artificial Intelligence and Human-Computer Interaction

Selected coursework

Deep Learning (grad level)	
Computer Vision	@Edinburgh
Natural Language Processing	@Edinburgh
Human Factors Design	
User Interfaces and Experiences	
Graphic Design Studio	@RISD

INDUSTRY EXPERIENCE

Yelp, Product Management Intern Reader Experience 2016

Launched an iOS experiment which grew engagement with review highlights by 13%.
Researched and directed new site-wide communication feature for yelp.com.

Yelp, Engineering Intern Yelp Reservations for iPad 2015

Built new, research-driven interface for creating reservations, allowing hosts to run their restaurant in 1/8th previous time.

COLLABORATIVE PROJECTS

Echo Messaging Team of 3 iOS + Web + Server, 2015

An experiment in the way ideas move between people via one-way messaging.
Directed product plan; engineered mobile client; defined project-wide style.

StingRay Renderer Team of 3 OpenGL + C++, 2015

Real-time GPU raytracer that renders scenes with textures, shadows, and reflections.
Researched alternative GPU storage for scene data; developed GPU render program.

Lightning Notes Team of 4 Web + Server, 2015

Note-taking web app that structures and styles text as you type.
Directed product plan; engineered text-restructurer for web; lead interface design.

INDEPENDENT PROJECTS

Nighttime Software, company founder 2010 - Present

Beyond 2048: Two to Infinity! ★ 11,000 Downloads iOS, 2014
Charming reboot of the *Threes!*-inspired game, 2048.

wherEverglades iOS, 2014

Interactive map of environmental and recreational sites in Florida.
Commissioned by the Everglades Foundation.

c.blend iOS, 2012

Robust color palette designer with real-time complements, export, and more.
